Registration

Race start

The race is a single mass start at 09:30hrs.

Run 1 ~5km

The run is an out-and-back course. It is a mass start looping around the running track before heading out of the grounds. Please take care on the two underpasses and follow all marshals' instructions. There will be a lead cyclist.

Bike ~ 20km

The bike course is an anti-clockwise route; it is signposted and marshals will be on some junctions. Please proceed with extreme caution at junctions and remember that the marshals are not there to check that 'all is clear' for you - this is your responsibility. Please take care through the villages of Edge Hill and Wroxton as these are small villages and carriageways can be narrow. Also take care when returning to the school and approaching the dismount line.

Be aware of all others on the road, including other competitors and general road users. Follow the Highway Code at all times.

Run 2 ~3km

This is similar to the first run; a little shorter and this time finishing with a loop of the running track.
